

Download Constructive Eating Set Of Construction Utensils

Buy Constructive Eating Set of Construction Utensils for Toddlers, Infants, Babies and Kids - Flatware Toys are Made with FDA Approved Materials for Safe and Fun Eating on Amazon.com FREE SHIPPING on qualified orders Constructive Eating was founded by two parents, so we know what it takes to keep kids engaged at the table. The same parents run the company today and have extended the CE family into households across the world. We love supporting independent shops, so you won't find our products in big box stores. No paints are used to color the products. Everything is manufactured using only FDA approved materials. We have third party certification that our products contain NO Lead, NO Bisphenol A (BPA), NO PVC, and NO Phthalates. All of Constructive Eating's products are fully compliant with the CPSIA of 2008.
