Definiteness is the concept expressed by definite articles such as "the", and also by other expressions such as demonstratives ("this", "that") and personal pronouns. By Christopher Lyons. Read preview. Synopsis. Definiteness is the concept expressed by definite articles such as "the", and also by other expressions such as demonstratives ("this", "that") and personal pronouns. This textbook surveys such expressions in the many languages of the world, and also examines the theoretical literature on this ... This 1999 textbook investigates definiteness both from a comparative and a theoretical point of view, showing how languages express definiteness and what definiteness is. It surveys a large number of languages to discover the range of variation in relation to definiteness and related grammatical phenomena, such as demonstratives, possessives and personal pronouns.
