

# Download Estate And Financial Planning For People Living With Copd

COPD, chronic obstructive pulmonary disease, is the third leading cause of death in the United States. More than 11 million people have been diagnosed with COPD, but an estimated 24 million may have the disease without even knowing it. Shenkman Law is a boutique firm focused on the legal needs of high-net-worth individuals, professionals, close business owners, and real estate owners and developers. What is planned giving? Thank you for your interest in planned giving. You may have heard the term “planned giving” but aren’t sure what it really means. The line between “normal aging” and “make an appointment with a doctor” can be hard to determine for caregivers, professional and non-professional alike. Such discernment often comes with experience or medical knowledge—two things that most family caregivers do not have when they begin this process. One concerning side effect of aging is becoming easily bruised, [...]
