DILEMMAS OF GENDER AND GLOBAL SPORTS GOVERNANCE: AN INVITATION TO SOUTHERN THEORY Kathryn Henne, University of Waterloo/Australian National University Madeleine Pape, University of Wisconsin-Madison INTRODUCTION While research on gender and sports governance is not new (e.g., Adriaanese & Schofield, 2013; Claringbould & Knoppers, 2008), recent studies point to new avenues for feminist inquiry. Thinking again about inclusion JULIE ALLAN INTRODUCTION The World Health Organisation (2011) declares that access by all children to a quality education is 'key to human capital formation and their participation in social and economic life' (p226). JSTOR is a digital library of academic journals, books, and primary sources. This paper describes a shift in medical education away from pedagogic approaches to stigma and inequalities that emphasize cross-cultural understandings of individual patients, toward attention to forces that influence health outcomes at levels above individual interactions.
