At Albion, we engineer Dispensing Solutions.. Acquired in 1929 by F. Karl Schneider, Albion is a third generation company with substantial USA quality control and manufacturing capabilities. Geotechnical engineering is the branch of civil engineering concerned with the engineering behavior of earth materials. Geotechnical engineering is important in civil engineering, but also has applications in military, mining, petroleum and other engineering disciplines that are concerned with construction occurring on the surface or within the ground. Welcome to the Department of Civil and Environmental Engineering (CEE), where high-quality instruction and world-class research covers a diverse range of engineering disciplines including structural, environmental, geotechnical, water resources, transportation, and more.
