The Honda 389cc GX Series OHV commercial-grade engine is designed for the most demanding commercial applications. It has set an industry standard for reliability and durability. Overhead Valve design offers cooler, fuel-efficient operation and cast iron cylinder sleeve provides longer service life. The GX is reliable, easy starting and quiet running. I have an older Honda GX 390. I replaced the governor rod and the lever control for the throttle. I have brand new parts, complete with a new governor spring, throttle return spring and governor rod.
