Complete teaching solutions give you and your students the best tools for learning. Integrated hardware, software, and curriculum systems allow students to record data from their own bodies, animal, or tissue preps to learn principles of life science physiology. Strong curriculum, excellent instructors, skilled students. At Amatrol we realize that successful technology learning programs need well-trained teaching staff in addition to hardware, software, and quality curricula. Jack, an instructor at Columbia Business School, taught his online entrepreneurship course asynchronously through his institution LMS. He was interested in incorporating a Wiley business text into his course, but wanted to deliver this Wiley content seamlessly with his own reading materials and video content.
