Being a mother means sacrifice and selflessness but being pregnant? From securing a seat on a crowded bus to finagling a lucrative baby shower Get this from a library! Milk It : how to get more than a baby out of the next nine months. [Kate Hodson] How Many Ounces of Breastmilk Does 9 Month Old Need. Updated on February 18, 2010 ... My son also eats solids 3 times a day. I think it is more difficult to get milk out with the pump than it is for your baby to get out. Finally, any time I feel like my supply is low I nurse my son more frequently for a couple of days and that helps to restore ... It is very common to have more milk than baby needs in the early weeks, which regulates down to baby's needs over the first few weeks or months. When your milk supply regulates (this change may occur either gradually or rather suddenly), it is normal for pumping output to decrease.
