School girls like this pretty young lass need to be more careful when they sit down, don't they? She is so intent on learning that she doesn't realize she is educating us about her anatomy. My favorite view! The girls just didn't seem to care if anyone could see their panties. I was always hiding a boner with my books between classes. Going through my outfits to see what might work as a Halloween costume, I have this cute school girl dress. It's not as fancy as my princess dresses, but it's fun to wear and makes me think of how fun it would have been to go to school in this uniform. I have my backpack with me and I'm all ready to go to school or trick-or-treating. "I had a dream where I was in high school and while all the other kids are doing their school work at their desks, my extremely hot female teacher sits me down across from her at her desk and ...Find the perfect Up Skirt Underwear stock photos and editorial news pictures from Getty Images.
