

Download Tekonsha Primus 90155 Manual

A totally proportional electric trailer brake control, the new Primus®IQ is self-leveling so no level adjustment is necessary. Utilizing the primary sensor technology from Prodigy®, the Primus®IQ now includes the Boost feature that gives users the ability to apply more initial trailer braking when towing heavier trailers. Instructions for Primus™ Brake Control (continued) Appendix A: Trailer Brake Adjustment** Brakes should be adjusted after the first 200 miles of operation when the brake shoes and drums have “seated” and at 3000 mile intervals, or as use and performance requires. The brakes should be adjusted in the following manner: 1. Tekonsha Primus Iq User Manual ... “Up-front” manual over-ride control. 3. tekonsha 90155 primus electric brake controller manual. 7. 90885 (Prodigy P2), 20191 (I-stop IQ) and 90160 (Primus IQ) with Trailer Tow which is required to tow more than +/- 1600? lbs as per the owners manual.
